Child Educational Sponsorship is Critical

In a world where more than a billion children live on less than \$2.00 U.S. per day, connecting one child with one sponsor is the most strategic way to impact illiteracy around the globe.

Through monthly gifts, prayer and letter writing, sponsors invest in the lives of children living in extreme poverty, which of course effects quality educational opportunities.

Sponsorship will enable Children to attend a church-based private school, where they receive life-changing opportunities that would otherwise be out of reach for them and their family.

Each JJM_MNPS Elementary School Of Liberia-sponsored child will have the opportunity to develop their God-given potential and be released from the illiteracy that has trapped their families and society for generations.

Sponsor a child today and help break the cycle of illiteracy, despair and closed opportunities. For suggested donation of just \$15.00 a month, your child sponsorship helps provide:

- Educational opportunities for each child and ability to reach children at an earlier age.
- Christian Based training.
- Development of self-confidence and social skills.
- Key life skills and vocational programs.
- Improved facilities and Trained Instructors.

Child sponsorship opens up new worlds to you, such as:

- Learning about the life and culture of Children in Monrovia Liberia.
- Discovering political, cultural, health and economic realities your sponsored child faces.
- The joy of helping a child in great need and making positive impact upon his/her life.
- All gifts are tax deductible.
